

Product Profile

- Comes complete with Connect & Print™ accessories for easy set up. Nothing else to buy.
- Easy to set up, use and own. Animated instruction sequences on CD, and easy-to-read QuickGuide ensures minimal time to first printed label.
- Sturdy printer at a competitive price
- New, unique double clam shell design offers easy drop-in loading of paper and ribbon supplies
- Dual print technology ensures ability to print on most label types
- Dispensing with Label-Taken sensor is standard
- Attractive design and compact size
- Easily replaceable QuickMount printhead. No need for any tools.

EASYCODER® C4 PRINTER

The EasyCoder® C4 is the perfect printer for the inexperienced or busy user. Intermec's new Connect & Print concept makes setting up and printing a quick and easy task.

Everything is included in the low price: software, drivers, cables, and labels. To be more exact, the printer comes complete with LabelShop® START—Intermec's label design software—and InterDriver™ Windows™ Driver with ActiveX® Controls, enabling the user to easily print bar code labels from Windows applications, including Microsoft® Office™ and other popular programs.

The printer's compact size, sturdiness, and silent operation make it ideal for a variety of applications.

The EasyCoder C4 prints faster and with better quality than competing printers in its price range, and includes dual print technology for printing on various label types; both Direct Thermal and Thermal Transfer.

The new, unique double clam shell design makes it extremely easy to load supplies with the simple drop-in method. Exchanging label and ribbon rolls can be done in no time.

The RS-232 and Centronics™ interfaces are standard, which allows easy communication with the printer. Firmware can easily be upgraded thanks to the Flash memory.

The EasyCoder C4 printer comes with standard features like Peel-off operation with Label-Taken sensor and Black Mark sensor.

Among its optional features are:

- Flash memory cartridge
- SRAM memory cartridge
- Serial cable

The new EasyCoder C4 printer is compatible with EasyCoder 91 and EasyCoder 7422 applications, so adding the new EasyCoder C4 is simple.

With all its built-in benefits, the EasyCoder C4 is really a smart choice offering excellent value for an affordable price.

General

A very compact Direct Thermal or Thermal Transfer/Direct Thermal printer for self-adhesive labels, non-adhesive tags, or continuous paper strip. Tear-off or Peel-off operation with Label-Taken Sensor. Internal paper roll or external fan-fold supply. Black Mark Sensor.
